## PROFESSIONAL SUMMARY

**Frontend Developer** with **2+ years of hands-on experience in React.js and Next.js development**, backed by **5+ years of overall web development experience**. Skilled in **JavaScript (ES6+), React Hooks, reusable component architecture, state management, dynamic routing, REST API integration**, and responsive UI development. Developed a Next.js-based job portal that achieved **70K+ Google impressions and 1.4K+ organic clicks within 28 days**. Contributed to a clinic management system with REST API integrations and dashboard development. Proficient in **SSR/SSG, technical SEO, Core Web Vitals, performance optimization, Tailwind CSS, and Bootstrap**, with a focus on building scalable, high-performance, and user-friendly web applications.

## TECHNICAL SKILLS

| | |
|---|---|
| **Languages & Core:** | JavaScript (ES6+), HTML5, CSS3, JSX |
| **React & Next.js:** | React Hooks, Context API, React Router, App Router, SSR/SSG, Dynamic Routing |
| **APIs & Data:** | REST APIs, Axios, Fetch API, CRUD, JSON |
| **Styling & UI:** | Tailwind CSS, Bootstrap 5, Responsive and Mobile-First Design, Accessibility, Cross-Browser Compatibility |
| **Performance & SEO:** | Core Web Vitals, Lazy Loading, Code Splitting, Image Optimization, Technical SEO |
| **Testing & Tools:** | Jest, React Testing Library, Git, GitHub, Vite, ESLint, Prettier, Vercel, Netlify |

## KEY PROJECTS

**INTELLISPINE -** Clinic Management System — React.js, React Router, Axios, Tailwind CSS

- Developed a responsive 3-panel system (Super Admin, Admin, Dashboard) for patient registration, appointments, profiles and consultation history.
- Built visit and fee management workflows tracking visits, consulting doctors and payment records.
- Integrated 10+ REST APIs for patient data, appointments and form submissions.

**India Result Live -** Government Job & Exam Portal — Next.js, React.js, SSR/SSG, SEO

- Built a data-driven job, exam and result portal with Next.js, rendering listings dynamically from REST APIs.
- Implemented dynamic routing, metadata, Schema Markup and technical SEO, using SSR or SSG per page based on content.
- Achieved 70K+ Google Search impressions and 1.4K+ organic clicks within 28 days.

## PROFESSIONAL EXPERIENCE

**Frontend Developer | Indai Technologies, Delhi** — Aug 2024 - Present

- Developed responsive web applications using React.js and Next.js, building reusable components to streamline UI development and improve consistency across multiple pages.
- Developed INTELLISPINE, a React.js-based clinic management system featuring patient registration, appointment scheduling, consultation history, and administrative workflows, integrating 10+ REST APIs for data-driven functionality.
- Manage application state across 5+ modules using React Hooks and Context API, implementing reusable state-management patterns and dynamic routing.
- Improved initial page-load performance and Core Web Vitals through lazy loading, code splitting and image optimization.
- Integrate REST APIs (Axios, Fetch) for CRUD workflows, form submissions and data-driven UI components.

**Senior Web Designer | Infoicon Technologies, Noida** — Oct 2023 - Jul 2024

- Designed and enhanced user-friendly website interfaces, ensuring consistent layouts, typography, colors, and visual hierarchy across pages.
- Developed responsive, mobile-first web layouts using HTML5, CSS3, Bootstrap, JavaScript, and jQuery for desktop, tablet, and mobile devices.
- Improved website loading speed and performance through image optimization, asset compression, and efficient CSS and JavaScript practices.
- Identified and resolved 40+ UI, layout, responsiveness, and cross-browser compatibility issues to improve website quality and usability.

**Web Designer | Cliffex Software Solutions, Noida** — Oct 2022 - Sep 2023

- Designed and developed 15+ responsive websites using HTML5, CSS3, Bootstrap, jQuery, and JavaScript.
- Converted PSD and UI designs into pixel-perfect, user-friendly web pages with consistent layouts and styling.
- Improved website usability and visual consistency through optimized layouts, typography, navigation, and UI elements.

**Web Designer | B. Jain Publishers, Noida** — Jun 2021 - Sep 2022

- Designed and developed 20+ responsive websites using HTML5, CSS3, Bootstrap, and jQuery in collaboration with a 6-member design and development team.
- Tested website layouts across browsers, devices, and screen sizes, resolving alignment, styling, and responsiveness issues to ensure a consistent user experience.

## EDUCATION

**Bachelor of Arts** (B.A. Honours) — Magadh University
