PROFESSIONAL SUMMARY

Frontend Developer with 7+ years of experience in Web and Frontend Development, including 3+ years of hands-on experience in React.js and Next.js. Skilled in building responsive, SEO-friendly, and performance-optimized web applications using React.js, JavaScript, Next.js, Redux Toolkit, Tailwind CSS, Bootstrap, and REST APIs. Experienced in developing reusable UI components, API integration, dynamic routing, dashboards, and pixel-perfect responsive interfaces. Developed IndiaResultLive.com, a Next.js-based government job portal, achieving 70K+ Google Search impressions and 1.4K+ organic clicks within 28 days.

TECHNICAL SKILLS

Frontend:	React.js, Next.js, JavaScript ES6+, TypeScript, HTML5, CSS3
React Ecosystem:	React Hooks, React Router, Redux Toolkit, Context API, Component-Based Architecture
Next.js:	SSR, SSG, Dynamic Routing, SEO Optimization, API Integration
Styling:	Tailwind CSS, Bootstrap 5, Responsive Design, Mobile-First Development, Cross-Browser Compatibility
API Integration:	REST APIs, Axios, Fetch API, Dynamic Data Rendering
Performance:	Lazy Loading, Code Splitting, Core Web Vitals, Page Speed Optimization
Tools:	Git, GitHub, Vercel, Netlify, NPM, Figma, Photoshop, Canva

PROFESSIONAL EXPERIENCE

Frontend Developer

Indai Technologies | Aug 2024 – Present

- Developed scalable and responsive frontend applications using React.js, Next.js, JavaScript, and Tailwind CSS.
- Built reusable UI components for dashboard, authentication, forms, listing pages, and dynamic modules, improving development speed and code maintainability.
- Integrated REST APIs using Axios and Fetch API for real-time data rendering across frontend modules.
- Improved frontend performance using lazy loading, code splitting, and component-level optimization.
- Converted Figma designs into pixel-perfect, mobile-first, and cross-browser compatible user interfaces.
- Collaborated with backend developers and QA teams in an Agile environment to deliver production-ready frontend features.

Frontend Developer

Infoicon Technologies | Oct 2023 – Jul 2024

- Developed responsive web applications using React.js, Next.js, and JavaScript
- Created reusable and maintainable frontend components
- Integrated RESTful APIs and handled dynamic data rendering
- Improved website performance and user experience
- Implemented responsive UI compatible across multiple devices
- Collaborated with designers and backend teams for feature development
- Debugged and resolved frontend issues efficiently

Frontend Developer

Cliffex Software Solutions | Nov 2022 – Sep 2023

- Developed modern user interfaces using React.js and Next.js
- Worked on reusable component architecture and responsive layouts
- Developed INTELLISPINE, a clinic management system with patient and appointment dashboard modules
- Optimized page loading speed and frontend performance
- Participated in code reviews and Agile development process
- Worked closely with QA team for bug fixing and testing
- Maintained clean and scalable frontend codebase

UI Developer & Web Designer

B. Jain Publishers | June 2021 – Oct 2022

- Developed responsive web pages using HTML5, CSS3, Bootstrap, and JavaScript
- Converted PSD and Figma designs into pixel-perfect responsive interfaces
- Improved website usability and mobile responsiveness
- Worked on SEO-friendly and cross-browser compatible UI
- Collaborated with frontend developers and designers for UI enhancements
- Maintained clean and scalable frontend layouts

Web Designer

Goyal Brothers Prakashan | Jul 2018 – May 2021

- Developed responsive web pages using HTML5, CSS3, Bootstrap, and jQuery
- Specialized in PSD-to-HTML conversion and responsive layouts
- Created banners, landing pages, and UI assets for digital campaigns
- Improved mobile responsiveness and browser compatibility
- Worked closely with design and development teams
- Maintained clean and user-friendly website interfaces

KEY PROJECTS

IndiaResultLive - Government Job & Exam Portal

indiaresultlive.com | Tech Stack: Next.js, JavaScript, Bootstrap, REST APIs, SEO, Dynamic Routing

- Developed and maintained a Next.js-based government job and exam portal.
- Implemented dynamic routing for jobs, results, admit cards, answer keys, and notifications.
- Integrated REST APIs for dynamic and real-time content rendering.
- Built SEO-friendly pages using Next.js metadata, clean URL structure, and responsive UI.
- Achieved 70K+ Google Search impressions and 1.4K+ clicks within 28 day

AllConvertHub - Online Utility Platform

Tech Stack: Next.js, JavaScript, Web APIs, REST APIs, Bootstrap 5, SEO

- Developed browser-based utility tools using React.js and Next.js
- Implemented Text-to-Speech, Speech-to-Text, and image conversion features
- Used Web APIs and client-side rendering for interactive functionality
- Developed responsive and SEO-friendly frontend structure
- Improved performance and user experience across devices

INTELLISPINE - Clinic Management System

Tech Stack: React.js, JavaScript, REST APIs, Tailwind CSS

- Developed responsive frontend interfaces for clinic management workflows
- Built reusable UI components and dashboard layouts
- Integrated REST APIs for dynamic patient and appointment data
- Optimized frontend performance and navigation experience

KEY ACHIEVEMENTS

- Developed and maintained IndiaResultLive.com, achieving 70K+ Google Search impressions and 1.4K+ organic clicks within 28 days.
- Improved frontend performance using lazy loading, code splitting, responsive image optimization, and reusable component architecture.
- Built production-ready React.js and Next.js applications with responsive, SEO-friendly, and cross-browser compatible UI.
- Converted Figma and PSD designs into pixel-perfect frontend interfaces for web and mobile devices.
- Created reusable components and dashboard modules to improve frontend scalability and maintainability.

EDUCATION & CERTIFICATIONS

Bachelor of Computer Applications (BCA)

Vinayaka Mission University

JavaScript ES6 Certification - *Unstop*

ReactJS Certification - *Unstop*
